

## Skyus™ DS/DS2/SC Modems for Distance Learning

### Online Education is at an All-time High

The COVID-19 pandemic has brought about a dramatic change for everyone in all areas of life. Schools are shut down all over the world and as a result, billions of educators, teachers and students are at home, faced with a new reality--online education and distance learning. While online learning has been on the rise for some time, now more than ever, universities, schools, teachers and students alike need to be better equipped for the challenges that distance learning brings.

### Enterprise Grade Wireless Home Internet for Distance Learning

Ineego's Skyus DS, DS2 and SC device bundles are the perfect solution for all distance learning and work from home needs. These bundles are compatible with Chromebook tablets and most other computers and laptops and are designed to give you:

- Secure, safe connections
- Multi-carrier support
- Power optimization
- Fast, reliable speeds
- Improved signal strength
- Efficient bandwidth

### Easy-to-install solution:

For Solution Support contact Ineego at 800-683-4818 or [insidesales@inseego.com](mailto:insidesales@inseego.com)
